Spotlight on Success

STEDHAM PRIMARY SCHOOL

Thursday 22nd October 2026

Headlines

a message from Mr Tidey

Another busy week at Stedham! I wanted to say how proud We are of all our children. From Reception to Year 6, they have made a fantastic start to the year. Band practice was a fantastic success, with the children fully engaging and enjoying every moment. Their enthusiasm, teamwork, and growing confidence were wonderful to see, well done to those who took part! To Thursdays Pyjama Day, what a lovely end to a very busy but great half term. Pyjama Day was thoroughly enjoyed by both the children and the Staff! Another fantastic idea by FOSS.

Our recent Open Day was a tremendous success, attracting a great deal of interest from prospective families and visitors. It was wonderful to showcase all that our school has to offer, and we were incredibly proud to share the achievements, talents, and positive atmosphere that make our school such a special place.

From all of us at Stedham Primary, we wish you a lovely half term break, we look forward to seeing you all on our return on Monday 2nd November

Rabbits

In Rabbits Class, we have had a busy and exciting half term exploring our new classroom setup! The children have loved discovering our role-play café and making the most of our new and improved art and construction areas. One of their favourite activities was learning the pumpkin song and creating their very own pumpkins. A particular highlight in the afternoons was making our own eardrums as part of our science topic on the human body!

Hedgehogs

We have finally finished our work on Bear and Piano and have written our own story about a different animal finding a different instrument. We've also finished our work on money in maths and are ready to move onto addition and subtraction after half term. We've had a very busy eight weeks and are definitely ready for a nice break!

Foxes

Foxes have had a wonderful, but long, first half term. We have enjoyed learning about light in science and trying our hand at photography. Maths has seen us practice place value, factors and cube numbers. Bring on fractions when we come back! We have worked hard on our teamwork and perseverance in both PE and in class, working with the Year 3s in the afternoons has been a new experience for all of us and we look forward to lots more hands-on learning in Autumn 2.

Weekly Wellbeing

with Mrs Cella

Family should be a place where you can be your true, authentic self—seen, accepted and appreciated through every moment of life. We believe our school should be the same: a place where everyone feels safe, valued and truly themselves, while caring for and looking out for one another's wellbeing.

Stars of the Week

Rabbits- *Luca*

Hedgehogs- *William*

Foxes- *Reggie*
